

Success By 6[®] Star-Quality Rated Child Care Centers

The Success By 6[®] Star-Quality Rating Scale provides a measurement by which child care centers can make systematic quality improvements. By becoming Star-Quality Rated, a child care center demonstrates a commitment to quality improvement beginning with the willingness to undergo an objective program evaluation. Success By 6[®] congratulates all Star-Quality Centers for this commitment, regardless of their Star Rating.

Centers listed in bold type have been approved as QRS Partner Centers. In order to be eligible as a QRS Partner Center, a minimum of 20% of the families served at the center must be low-income families.
